

# Robotics and Machine Intelligence: Building Blocks for Industry 4.0

## ABOUT

The Fourth Industrial Revolution (IR 4.0) had brought upon technological disruption, unlike its predecessors. As innovations in manufacturing processes and systems led previous industrial revolutions, the advancement of IR 4.0 will be driven by a smart, interconnected and pervasive environment with data being one of its main currencies as well as robotics and automation being the central pillar of its growth. The International Conference of Robotics Intelligence and Applications (RiTA) 2018 covers all the building blocks of Industry 4.0 and aims to serve as a platform for academics, researchers, experts, industrial practitioners and other relevant stakeholders in the dissemination of such new knowledge. RiTA 2018 is the first debut of the conference series in South East Asia. Previous editions were held in Korea, China and the USA. We are delighted to invite you to participate in RiTA 2018.

## CONFERENCE SCOPE

The topics are (but not limited to):  
Instrumentation and Control-Automation-Autonomous Systems-Biomechatronics and Rehabilitation Engineering- Computer and Information Technology- Intelligent Systems-Machine Learning-Robotics-Sensors and Actuators-Machine Vision-Signal and Image Processing-Advanced Materials

## IMPORTANT DATES

Abstract Submission Due: **31st July 2018**  
Abstract Acceptance Notification: **5th August 2018**  
Full Paper Submission Due: **1st September 2018**  
Notification of Acceptance: **1st November 2018**

## PUBLICATION

All accepted papers will be published in either Communications in Computer and Information Science (CCIS) or Lecture Notes in Mechanical Engineering (LNME). Both are Scopus-indexed proceedings published by Springer.

## FEES

	Early Bird (By 1st Nov)	Regular (After 1st Nov)
Student Rate	USD 260	USD 330
Normal Rate	USD 510	USD 580

## CONFERENCE ORGANISERS

**Honorary General Chair**  
Jong-Hwan Kim, KAIST, Korea

**General Chairs**  
Zahari Taha, UMP, Malaysia  
Hyun Myung, KAIST, Korea

**Program Chairs**  
Daing Mohd Nasir Ibrahim, UMP, Malaysia  
Rizalman Mamat, UMP, Malaysia  
Han-Lim Choi, KAIST, Korea

**Organising Chairs**  
Ahmad Shahrizan Abdul Ghani, UMP, Malaysia  
Muhammad Azzat Zakaria, UMP, Malaysia  
Ahmad Fakhri Ab. Nasir, UMP, Malaysia  
Junmo Kim, KAIST, Korea  
Jun Jo, Griffith University, Australia  
Weiliang Xu, University of Auckland, New Zealand  
Eric T. Matson, Purdue University, USA  
Fakhri Karray, University of Waterloo, Canada

# RITA 2018

THE 6TH INTERNATIONAL  
CONFERENCE ON ROBOT  
INTELLIGENCE  
TECHNOLOGY AND  
APPLICATIONS

2018.icrita.org

JOINTLY ORGANISED BY

TECHNICALLY CO-SPONSORED BY

16 - 18 December  
• Pullman Putrajaya  
Lakeside • Putrajaya •  
MALAYSIA
